

3.0 **SCOPE OF WORK**

The following scope of work was defined for this study.

- 1) Determine the feasibility of excavating three crossovers over (or under) the proposed Genwal right of way (ROW).
- 2) Determine the grade, amount of interburden and barrier for the crossovers. Crossovers must be airtight.
- 3) Estimate the cost of excavating these crossovers.
- 4) Consider options or alternatives for crossing the proposed ROW.
- 5) Prepare a drawing illustrating the proposed plan.
